Briefly Describe the Project Removal of four dead, standing Douglas-firs greater than 11-inch DBH.

**Additional Information as required by the Planning Director: (See Chapter 17.102 for details)  
Including but not limited to:**

1. Two copies of a scaled site plan to contain the following information:
  - a. dimensions of the property and parcel boundaries;
  - b. location and species of trees 11 inches DBH or greater to be retained and cut;
  - c. location and type of tree protection measures.
2. A scaled re-planting plan indicating ground cover type, species of trees to be planted, and general location of re-planting.
3. An application for removal of a hazard within a protected setback area or a tree required to be retained as defined in Chapter 17.102.50 shall also contain a report from a certified arborist or professional forester indicating that the condition or location of the tree presents a hazard or danger to persons or property and that such hazard or danger cannot reasonably be alleviated by treatment or pruning.

I am the (check one)  owner  lessee of the property listed above and the statements and information contained herein are in all respects true, complete and correct to the best of my knowledge and belief.
