Independent Auditor's Report on Compliance and on Internal Control Over Financial Reporting based on an Audit of Financial Statements Performed in Accordance with Oregon State Regulations

# **INTRODUCTORY SECTION**

December 13, 2024

Honorable Mayor Stan Pulliam, Members of the City Council and Citizens of the City of Sandy:

State law requires that every general-purpose local government publish, within six months of the close of each fiscal year, a complete set of audited financial statements. The Annual Comprehensive Financial Report of the City of Sandy, Oregon for the fiscal year ended June 30, 2024 is hereby submitted.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control which should not exceed the anticipated benefits. The objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

# CITY AND THE GOVERNMENTAL STRUCTURE

**Location** – The City of Sandy is located about 26 miles from downtown Portland and approximately 10 miles from the Portland Urban Area. Portland is the largest city in the State of Oregon. Over the past several decades, Sandy has gone through a change from being timber dependent to a more diversified economy.

Sandy is a popular recreational community and serves as the last full-service city before entering the Mt. Hood recreational area. Skiing, hiking, hunting, and fishing are very popular in this area and the City attracts many visitors. Sandy has also been selected because of its location to serve as a hub for many events. Sandy is the home of the Sandy Mountain Festival which is estimated to attract over 50,000 people annually. Each year, tourism has become more important in stabilizing Sandy's economy. The City's population estimate for fiscal year 2024 was 13,159. In addition, Sandy is the commercial center of a rural area with a population of approximately 40,000.

**Government** – The City was incorporated in 1911. The governing body for the City of Sandy is the City Council. The Council is composed of the Mayor and six City Council members. They are all elected at large (by registered voters within city limits); the Mayor serves a two-year term, and the Council members serve four-year terms, with half the positions elected in the November general election of even-numbered years.

As with most Oregon cities, Sandy uses the "council-manager" form of government. The City Council members are unpaid volunteers who typically hold full-time jobs in other areas. They are responsible for all city policies, legislation, and the city budget. The City Council appoints a city manager, who is assigned responsibility for day-to-day operation of the city and a staff of ten department directors with approximately 83 full-time equivalent employees (FTE).

The City provides a full range of municipal services including police, municipal court, parks, and recreation (which encompasses senior programming), planning, building permit and inspection, economic development, library, transit, water, wastewater, stormwater, construction and maintenance of streets, sidewalks, and other public facilities. The City also operates a fiber optic internet service. Fire service for the City of Sandy is provided by a special service district and is autonomous from the City. As such, financial data for the Sandy Fire District is not included in this report.

In addition to the above general government activities, the City has an urban renewal district. Sandy Urban Renewal Agency (SURA) is a legally separate entity first established in 1998 to address redevelopment of the ¾ mile area of downtown Sandy. In 2008, the City adopted new design standards known as the "Sandy Style" and the debt limitation for SURA increased to \$18 million. The guidelines promote more attractive and appealing architecture in Sandy. In 2015 the debt limitation increased to \$67 million. The accompanying financial statements include the activities of SURA.

**Budget** – The City's budget is prepared for a 24-month period beginning July 1 of odd-numbered years. The City's budget is prepared in accordance with provisions of the Oregon Local Budget Law (ORS Chapter 294), which provides standard procedures for the preparation, presentation, administration, and appraisal of budgets. The law mandates public involvement in budget preparation and public exposure of its proposed programs. More information on the budget is listed in the Notes to Required Supplementary Information on page 61.

# ECONOMIC CONDITION AND OUTLOOK

Since 2009, the economic growth and investment in Sandy has been over \$300 million dollars in a mix of residential and commercial development. This development increase is a combination of an easy commute to the nearby cities, the presence of many recreational opportunities, and education facilities that have strengthened the city's economic base. Residential and commercial permits have continued to increase. The housing market continues to grow, with 33 new single-family home permits issued, and 94 units multi-family permits issue, equating to 127 units total.

The City continues to examine opportunities to incrementally invest in services which meet the needs of the growing community, while also maintaining existing capital assets in a manner that ensures future years are not overly burdened with the costs of our most basic and vital infrastructure.

# LONG-TERM FINANCIAL PLANNING

The City's current and on-going planning efforts include annual goals set by the City Council, a comprehensive plan (the "Sandy 2040 Plan") and rolling six-year capital improvement plan supporting shorter-term strategic decisions. Staff is currently working on a comprehensive plan update titled "Envision Sandy 2050." Developing and utilizing these plans help to enhance the City's ability to address future fiscal needs in a proactive and measured approach.

# MAJOR INITIATIVES

Several significant initiatives, outlined below, ensure the City's continued economic health and ability to provide services to its residents and businesses.

Water System Improvements – The City's drinking water infrastructure is aging and in need of substantial repairs. In addition, it is vital that the City increase redundancy to ensure our water supply can withstand natural disasters and emergency situations. This multi-year capital plan will upgrade the existing Alder Creek Treatment Plant, construct new infrastructure to maintain access to City of Portland's Bull Run water supply, and provide adequate supply of water to Sandy's residents for decades to come.

Wastewater System Improvements - The City is currently undergoing a multi-year capital improvement

project for significant repairs to the existing wastewater treatment facility and overall system improvements. These updates are mandated by the State of Oregon Department of Environmental Quality and the United States Environmental Protection Agency and will be completed over several years. The result will allow the City to meet DEQ standards and provide increased capacity for future growth.

# INDEPENDENT AUDIT

State statutes require an annual audit by independent certified public accountants. The firm, Talbot, Korvola & Warwick, LLP, was selected by the City. The auditors have issued an unmodified ("clean") opinion on the City's financial statements for the fiscal year ended June 30, 2024. The independent auditor's opinion is located at the front of the financial section of this report.

# **CERTIFICATE OF ACHIEVEMENT**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Sandy for its annual comprehensive financial report for the fiscal year ended June 30, 2023. This was the thirty-third year that the City has achieved this prestigious award. A Certificate of Achievement is valid for a period of one year only and to obtain it the City must publish an easily readable and efficiently organized annual comprehensive financial report. We believe that our current report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition to the Certificate of Achievement, the City of Sandy was also awarded the Distinguished Budget Presentation (DBP) award for the Biennium 2023 – 2025 budget, as well as the Popular Annal Financial Reporting (PAFR) award for the fiscal year ended June 30, 2023. This is the third biennial DBP award for the City, and the fifth PAFR award.

#### ACKNOWLEDGEMENTS

The preparation of this report was made possible by the dedicated service of the finance and administration department staff. Additionally, I thank all the departments for their assistance in providing the necessary data to prepare this report.

Credit is also due to the Mayor, City Council, and the Budget Committee for their interest and support in planning and conducting the operations of the City in a responsible and professional manner.

Respectfully submitted,

Jyler Deems

Tyler Deems City Manager

# FINANCIAL SECTION

# **INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor and City Council City of Sandy, Oregon

# **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandy, Oregon (the City), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# **INDEPENDENT AUDITOR'S REPORT (Continued)**

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as Management's Discussion and Analysis, schedules of pension and other post-retirement benefits, Notes to the Required Supplementary Information, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# **INDEPENDENT AUDITOR'S REPORT (Continued)**

Accounting principles generally accepted in the United States of America require that the budgetary comparisons for the General Fund and major special revenue funds, as listed in the Table of Contents as Required Supplementary Information, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. The required budgetary comparison information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements or to the basic financial statements themselves, and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the required budgetary comparison information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# **Other Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The information listed in the Table of Contents as Other Supplementary Information and Other Financial Schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Other Supplementary Information and Other Financial statements. The Other Supplementary Information and Other Financial Schedules is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Other Supplementary Information and Other Financial Schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the Introductory and Statistical Sections, as listed in the Table of Contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection, with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2024 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

# **INDEPENDENT AUDITOR'S REPORT (Continued)**

# Other Reporting Required by Oregon Minimum Standards

In accordance with *Minimum Standards for Audits of Oregon Municipal Corporations*, we have also issued our report dated December 13, 2024, on our consideration of the City's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance.

Timothy R Gillith

For Talbot, Korvola & Warwick, LLP Portland, Oregon December 13, 2024

# MANAGEMENT DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2024

The Management's Discussion and Analysis (MD&A) is a narrative overview and analysis of the financial activities of the City of Sandy for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with the additional information furnished in the letter of transmittal on pages i-iii and the financial statements that follow.

# FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City of Sandy exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$78,939,050. Of this amount, \$12,511,155 represents unrestricted net position, which may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$8,556,090. This, in large part, is due to increases in charges for services for both general government services, as well as business type services. Development activity increased from the prior year, resulting in higher permit revenue as well as system development charges. Additionally, utility rates were increased to build the required capital needed for future infrastructure projects in both the Water and Sewer Funds.
- The City's governmental activities reported total net position of \$43,070,135, which is an increase of \$3,003,665. Approximately 13% of the total, or \$5,751,367, is unrestricted and thus available for spending at the City's discretion.
- The City's business-type activities reported total net position of \$35,868,915, which is an increase of \$5,552,425 from the prior year. Approximately 19% of the total, or \$6,759,788, is unrestricted and thus available for spending at the City's discretion.
- > The City of Sandy's total outstanding debt increased by \$1,241,781 during the fiscal year.

# **OVERVIEW OF THE FINANCIAL STATEMENTS**

The following discussion and analysis is intended to serve as an introduction to the City of Sandy's basic financial statements. The statements are comprised of three components:

- 1. Government-wide financial statements
- 2. Fund financial statements
- 3. Notes to the financial statements.

**Government-wide financial statements**. The government-wide financial statements are designed to provide readers with a broad overview of the City of Sandy's finances in a manner similar to a private sector business.

The *Statement of Net Position* presents information on all assets of the City (including infrastructure) as well as all liabilities (including long term debt). Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Sandy is improving or deteriorating.

The *Statement of Activities* presents information showing how the City's position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

# MANAGEMENT DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2024

The government-wide statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues, referred to as government activities, from business functions intended to recover their costs through user fees and charges. The governmental-wide financial statements can be found on pages 14 and 15 of this report.

Governmental activities of the City include the following:

- > General government
- Highways and streets
- Public Transportation
- Economic development
- > Public safety
- Culture and recreation

Business-type activities of the City include the following:

- > Water
- > Sewer
- > Stormwater
- SandyNet

**Fund financial statements.** A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Sandy, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The City's funds are divided into three categories:

- Governmental funds
- > Proprietary funds
- > Fiduciary funds

Governmental funds are used to account for City functions that are supported primarily by taxes and intergovernmental revenues. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financial decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and change in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

# MANAGEMENT DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2024

The City of Sandy maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Street Fund, Urban Renewal Agency Fund, Transit Fund, and Other Governmental Funds.

All of the governmental funds considered to be major funds are shown on page 16.

*Proprietary Funds* are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent is that the costs of providing the services to the general public on a continuing basis be financed primarily through user charges. These funds represent four segments of operations: Water, Sewer, Stormwater, and SandyNet.

Additionally, the government reports the Operations Center Internal Service Fund and the Facility Maintenance Internal Service Fund as proprietary funds. An internal service fund is used to account for activity that provides goods or services to other departments on a cost-reimbursement basis. The Operations Center Internal Service Fund is to pool resources from departments that occupy the Operations Center building to allocate costs associated with shared invoices. Revenue sources are transfers from the Water, Sewer, Stormwater, Street, Transit, and General Funds. The Facility Maintenance Internal Service Fund is to pool resources from departments for capital expenditures specifically related to facility improvements. Revenue sources are transfers from the Water, Sewer, Stormwater, Street, Transit, and General Funds.

The basic proprietary fund financial statements begin on page 20 of this report.

*Fiduciary funds* are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These funds are custodial in nature and do not involve measurement of results of operations.

The fiduciary fund financial statements begin on page 23 of this report.

**Notes to the Basic Financial Statements.** The Notes provide additional information that is essential to a full understanding of the information provided in the government-wide and fund financial statements and are found on pages 25 through 51 of this report.

**Required Supplementary Information.** Supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Budgetary comparison schedules for the general fund and major special revenue funds are presented immediately following the Notes to the basic financial statements. Required supplementary information can be found on page 52 of this report.

**Other Supplementary Information.** The budgetary comparison schedules for debt service, capital projects, and the proprietary funds are presented immediately following the required supplementary information.

# GOVERNMENT-WIDE OVERALL FINANCIAL ANALYSIS

# **Statement of Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the end of the current fiscal year, the City's assets and deferred outflows of resources exceeded liabilities and deferred inflow of resources by \$78,939,050. Table 1, on the next page, reflects a Summary of Net Position compared to the prior fiscal year.

# MANAGEMENT DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2024

By far the largest portion of the City of Sandy's net position reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The City of Sandy uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Sandy's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

In addition, approximately 6% of the City of Sandy's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$12,511,155 is unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Sandy reported a positive unrestricted balance for governmental activities and business-type activities.

Overall, the City of Sandy's net position increased by \$8,556,090 from the prior year. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

#### Analysis of Changes in Net Position:

Table 2 below summarizes revenues and expenses for the current fiscal year and provides a comparison to prior year.

#### <u>Table 2</u> City of Sandy's Changes in Net Position (in thousands)

*Governmental activities.* During the current fiscal year, net position for government activities increased by \$3,003,665 from the prior year for an ending balance of \$43,070,135. The net change is a result of increases in both program and general revenues, specifically charges for services and interest and investment earnings. The increase to charges for services is a result of increases in permits fees for new development. The increase in interest and investment earnings is a result of strong investment performance in the overall market. Expenses increased slightly, most notably in highway and streets as a result and culture and recreation.

*Business-type activities.* For the City of Sandy's business-type activities, the total increase in net position for business-type activities (Water, Sewer, Stormwater and SandyNet) was \$5,552,425. The Water Fund, Sewer Fund, SandyNet Fund, and Stormwater Fund had a positive change in net position of \$1,753,112, \$3,407,922, \$276,385, and \$115,006, respectively. Compared to the prior year, total operating revenues increased by approximately 15%, while total operating expenses increased by approximately 30%. Acquisitions of capital assets and principal payments on long-term debt are not reported as direct expenses but are reported as additions to assets and reductions to liabilities respectively on the Statement of Net Position.

# MANAGEMENT DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2024

# FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with financial-related legal requirements.

**Governmental funds.** The focus of the City of Sandy's governmental funds is to provide information on nearterm inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Sandy's financing requirements. In particular, unassigned and assigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Although the assigned fund balance has been allocated for some purpose, the amount can be reallocated at the discretion of the City Council.

At the end of the fiscal year, the City of Sandy's governmental funds reported a combined ending fund balance of \$17,361,943. Approximately 38% of this total amount (\$6,632,108) constitutes assigned and unassigned fund balance. The remainder of the fund balance is reserved to indicate that it is not available for new spending because it has already been designated as non-spendable, committed, or restricted. For more information about fund balance designations, see Note 1 L. in the Notes to the Financial Statements beginning on page 25.

The *General Fund* is the chief operating fund of the City. At the end of the fiscal year, the General Fund decreased by \$247,666 from the prior year, due to a decrease in grant revenue and an increase in expenditures related to culture and recreation and capital outlay. The decrease in grant revenue is directly related to the lack of American Rescue Plan Act (ARPA) funds during the fiscal year as compared to the prior fiscal year. The increase in cultural and recreation is due to additional program offerings within the Parks & Recreation department; the increase in capital outlay is related to the purchase of additional police vehicles and other minor improvements.

The *Street Fund* provides for the maintenance and construction of City streets. The fund had a decrease of \$1,726,003 from the prior year. This decrease is a result of spending the remaining proceeds from the Full Faith and Credit Obligation from the fiscal year ending June 30, 2022 for the costs related to the extension of a major local road.

The *Urban Renewal Fund* decreased by \$1,282,751, largely due to capital outlay for the construction of the new Cedar Park.

The *Transit Fund* balance decreased by \$44,746 due to a slight increase in capital outlay, specifically related to the purchase of additional transportation vehicles.

The Other Governmental Funds, which includes the Parks Capital Projects Fund, the City FFC Debt Service Fund, and the Aquatic/Recreation Center Fund, decreased by \$840,001. This decrease is mainly a result of capital outlay related to the construction of the new Cedar Park in the Parks Capital Projects Fund.

**Proprietary funds**. The City's proprietary funds are comprised of the enterprise funds. An enterprise fund is used to account for activities for which a fee is charged to external users for services. These funds provide the same type of information found in the government-wide financial statements, but in more detail.

# MANAGEMENT DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2024

Overall, the proprietary funds are stable. The Water Fund, Sewer Fund, SandyNet Fund, and Other Enterprise Fund saw increases in net position of \$1,753,112, \$3,407,922, \$276,385, and \$115,006, respectively. These increases were mostly due to increases in charges for services. The Water Fund implemented a rate increase of 36% to fund capital improvement projects. The Sewer Fund implemented a rate increase of 16% to fund reinvestment in infrastructure. The SandyNet Fund saw a modest increase in customer growth. The Other Enterprise Fund, the Stormwater Fund, implemented a rate increase of \$3 per month to build reserves for future capital projects.

# GENERAL FUND BUDGETARY HIGHLIGHTS

During the fiscal year, there was one adjustment to the original budget. The City is in the second year of its biennial budget.

# CAPITAL ASSET AND DEBT ADMINISTRATION

**Capital assets.** The City of Sandy's investment in capital assets for its governmental and business-type activities as of June 30, 2024 amounts to \$106,733,030 (net of accumulated depreciation and amortization). This investment in capital assets includes land, buildings, motor vehicles and equipment, office furniture and equipment, infrastructure, intangible assets, subscription assets, and construction in progress. The total net increase in capital assets for the current fiscal year was approximately 11%.

Tables 3 and 4 summarize capital assets and changes as of June 30, 2024.

# Table 3 City of Sandy's Capital Assets (Net of Accumulated Depreciation/Amortization) (in thousands)

Major capital asset events during the fiscal year included the following:

- Governmental Activities
  - General Fund Police Vehicles (4) \$250,693: to replace three aging vehicles.
  - Street Fund Bell/362nd Extension Project \$1,732,624: Final construction costs to complete the needed street extension project to alleviate congestion and increase access for public safety purposes.
  - Transit Fund Transportation Vehicles (2) \$348,530: to replace two aging buses.

# MANAGEMENT DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2024

- Business-Type Activities
  - Water Fund Sandercock Reservoir Improvements \$871,420: to repair the reservoir due to age related issues and provided stability to overall water system.
  - Sewer Fund Rehab of Basins 6 and 7 \$681,209 (\$6,629,337 including prior years): to reduce the inflow and infiltration which ultimately reduces the amount of treatment needed at the treatment facility.
  - Sewer Fund Treatment Facility Improvements \$3,356,150 (\$16,286,884 including prior years; in progress): to improve and increase the sewer treatment plant to comply with federal and state regulations.
  - SandyNet Fund Fiber Network and Equipment \$248,344: to continue to build out the fiber network for residential and business customers.

The accompanying notes are an integral part of the basic financial statement.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

## 1. <u>Summary of Significant Accounting Policies</u>

The financial statements of the City of Sandy, Oregon (the City) have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principals. The City's significant accounting policies are described below.

## A. Description of government-wide financial statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support.

## B. Reporting Entity

The City is a municipal corporation governed by an elected mayor and six-member council (City Council). The accompanying financial statements present the government and its component unit, the Sandy Urban Renewal Agency (the Agency), an entity for which the government is considered to be financially accountable.

**Sandy Urban Renewal Agency.** The Sandy Urban Renewal Agency (the Agency) was formed to plan, direct, and manage certain projects within the City's designated urban renewal area. Pursuant to ORS 457, the City Council and a representative from both the Sandy Fire Department and the Sandy Area Chamber of Commerce have been appointed governing body of the Agency. The City's management has operational responsibility for the Agency as it manages the activities of the Agency, in essentially the same manner in which it manages the City's own operations, and provides personnel, and other resources, for the Agency operations. The Agency is, in substance, part of the primary government's operations, even though it is a legally separate entity. Thus, the Agency's General Fund is appropriately presented as a governmental fund of the City. Separately issued financial statements for the Agency may be obtained at: City of Sandy - City Hall 39250 Pioneer Blvd. Sandy, OR 97055-8001.

#### C. Basis of presentation – government-wide financial statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from the governmental funds and internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges for interfund services provided. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

## D. Basis of presentation - fund financial statements

The fund financial statements provide information about the City's funds, including its fiduciary fund and blended component unit. Separate financial statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

- The *General Fund* accounts for all activities not accounted for by other funds of the City. Principal sources of revenues are property taxes, state and county shared revenues, and licenses and permits. Primary expenditures are made for police protection, culture and recreation, and general government.
- The *Street Fund* accounts for revenue derived from the state and local gas tax that is used for repair, maintenance, and construction of streets.
- The *Transit Fund* accounts for revenue from a 0.6% employer payroll tax and intergovernmental sources that are used to operate the Sandy Area Metro (SAM) transit service.
- The Urban Renewal Agency Fund accounts for revenues from tax increment financing (property taxes) that are used to fund the urban renewal plan.

The City reports the following major enterprise funds:

- The Water Fund accounts for the financial activities of the city-owned water utility operations. Sales of water and related charges are the major revenue sources.
- The Sewer Operations Fund accounts for the financial activities of the city-owned sewer service. Wastewater charges are the major revenue source.
- The SandyNet Fund accounts for the city-owned internet data access system. User charges are the major revenue sources.

Additionally, the City reports the following fund types:

- Internal Service Funds account for goods and services to other departments on a cost reimbursement basis. The Operations Center internal service fund is used to pool resources from departments that occupy the Operations Center building to allocate costs associated with shared invoices. Revenue sources are transfers from the Water, Sewer, Storm Water, Street, Transit, and General Funds. The Facility Maintenance internal service fund is intended for major maintenance, repairs, and replacements at Cityowned buildings. Transfers into this fund come from various other funds that are housed in buildings open to the public. Contributions are based on a percentage of each department budget.
- The *Custodial Fund* accounts for contributions from private sources that are held by the City in a fiduciary capacity. Expenditures are made for the benefit of the Sandy and Hoodland public libraries, senior services, and recreation.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and interfund loans payable/receivable. Further, certain activity occurs during the year involving transfers of resources between funds reported at gross amounts as transfers in/out. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the governmental-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities (i.e., the enterprise funds) are eliminated so that only the net amount in included as internal balances in the business-type activities column. Transfers between the funds included in governmental activities' column. Similarly, balances between the funds included in governmental activities are eliminated so that only the net amount in included as internal balances in the business-type activities column. Transfers between the funds included in governmental activities' column. Similarly, balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the business-type activities column. Transfers between the funds included in governmental activities' column. Similarly, balances between the funds included in governmental activities' column. Similarly, balances are eliminated so that only the net amount is included as internal balances in the business-type activities column. Transfers between the funds included in governmental activities' column. Similarly, balances between the funds included in business-type activities column. Similarly, balances between the funds included in business-type activities column.

## E. Measurement focus and basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

The government-wide, proprietary, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified basis of accounting*. Revenues are recognized when they have been earned and they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the current fiscal year. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, as well as expenditures related to compensated absences, postemployment benefits are recognized later based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases and subscriptions are reported as other financing sources.

Property taxes, franchise fees, licenses, and interest associated with the current fiscal year are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Entitlement grants are recorded as revenue when all eligibility requirements have been met, including any time requirements, and the amount is received during the fiscal year or within the availability period for this revenue source (within 60 days of fiscal year end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the fiscal year or within the availability period for this revenue source (within 60 days of fiscal year or within the availability requirements have been met, and the amount is received during the fiscal year or within the availability period for this revenue source (within 60 days of fiscal year or within the availability period for this revenue source (within 60 days of fiscal year or within the availability period for this revenue source (within 60 days of fiscal year or within the availability period for this revenue source (within 60 days of fiscal year or within the availability period for this revenue source (within 60 days of fiscal year end). All other revenue items are considered to be measurable and available only when cash is received by the City.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

## F. Cash and Investments

The City's cash and cash equivalent include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Investments included in cash and cash equivalents are reported at fair value.

The City invests in the State of Oregon Local Government Investment Pool, which is authorized by Oregon Revised Statutes. Interest earned from pooled investments is allocated based on a fund's portion of the total investment balance. The City maintains depository insurance under Federal depository insurance funds and state and financial institution collateral pools for its cash deposits and investments, except the Local Government Investment Pool, which is exempt from statutes requiring such insurance.

## G. Inventories

All inventories are valued at cost using first-in/first-out (FIFO) basis and are accounted for using the consumption method.

## H. Capital Assets

Capital assets are tangible and intangible assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, streetlights, and similar items.), are reported in the applicable governmental or business-type activities column in the governmental-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and estimated life in excess of one year.

As the City constructs or acquires capital assets each fiscal year, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs, which are amounts spent in relation to capital assets that do not increase the asset's capacity or efficiency or increase its estimated useful life. Donated capital assets are recorded at acquisition value at the date of donation. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential on the date of donation. Intangible assets follow the same capitalization policies as tangible capital assets and are reported with tangible assets in the appropriate capital asset class.

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, and infrastructure of the City are depreciated/amortized using the straight-line method over the following useful lives:

| Asset                   | Years |
|-------------------------|-------|
| Buildings               | 40    |
| Improvements            | 7-20  |
| Infrastructure          | 10-50 |
| Vehicles                | 5-10  |
| Furniture and equipment | 5-20  |

Monthly depreciation is taken in the year the assets are acquired or retired. Gains or losses from sales or retirements of capital assets are included in operations of the current period.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

## I. Subscriptions

The City has entered into noncancelable agreements for the use of software. The City recognizes a subscription liability and an intangible right-to-use subscription asset (subscription asset) in the government-wide financial statements. The City recognizes subscription liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a subscription, the City initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus capitalizable initial implementation costs. Subsequently, the subscription asset is amortized on a straight-line basis over its useful life.

Key estimates and judgements related to subscriptions include how the City determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

- The City uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for subscriptions.
- The subscription term includes the noncancellable period of the subscription. Subscription payments included in the measurement of the subscription liability are composed of fixed payments.

The City monitors changes in circumstances that would require a remeasurement of its subscriptions and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Subscription assets are reported with other capital assets and subscription liabilities are reported with long-term debt on the statement of net position.

## J. Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position includes a separate section for *deferred outflows of resources*. Deferred outflows of resources represent a consumption of net assets that applies to future a period(s) and so will *not* be recognized as an outflow of resources (expenditure/expense) until then. The City has two items that qualify for reporting in this category. The two items are the deferred amount relating to pensions and the deferred amount relating to other post-employment benefits (OPEB). These deferred amounts relate to differences between expected and actual experience, changes in actuarial assumptions, and other pension and OPEB related charges.

In addition to liabilities, the statement of financial position includes a separate section for *deferred inflow of resources*. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has three types of items that qualify for reporting in this category. *Unavailable revenue* is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from three sources: property taxes, court fines and fees, and grants. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In the government-wide financial statements, the City reports deferred amounts related to pension and OPEB.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

## K. Net Position

For government-wide reporting as well as in proprietary funds, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt net of unspent proceeds that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of the acquisition, construction, or improvement of the acquisition, construction, or improvement of the acquisition.
- *Restricted net position* consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

#### L. Fund balance

In governmental fund types, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources, is called "fund balance." The City's governmental funds report the following categories of fund balance, based on the nature of any limitations requiring the use of resources for specific purposes.

- *Nonspendable* fund balance represents amounts that are either not in a spendable form or are legally or contractually required to remain intact.
- *Restricted* fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state, or local legislation. Restriction may be changed or lifted only with the consent of the resource provider.
- Committed fund balance represents amounts that can be used for the specific purposed determined by adoption of ordinance or resolution for a specified purpose by the City Council prior to the end of the fiscal year. Ordinances and resolutions are considered equally binding in that once adopted, the limitation imposed by the ordinance or resolution remains in place until the resources have been spent or the City Council adopts another ordinance or resolution to remove or revise the limitation.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

- Assigned fund balance represents amounts that are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Council has, by resolution, authorized the city manager to assign fund balance. City Council may also assign fund balance, as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's adopted budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- Unassigned fund balance represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

As previously mentioned, sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

## M. Program revenues

Amounts reported as program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided or fines imposed by a given function or segment, and (2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

## N. Property Taxes

Property taxes are assessed and become a lien against the property as of July 1 each year and are payable in three installments on November 15, February 15, and May 15 following the lien date. Taxes unpaid and outstanding on May 16 are considered delinquent and subject to penalties and interest.

## O. Compensated Absences

**Vacation.** The City's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

*Sick.* Accumulated sick leave lapses when employees leave the employ of the City and, upon separation from service, no monetary obligation exists.

## P. Proprietary funds operating and nonoperating revenues and expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water fund, sewer fund, storm water fund, SandyNet fund, and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

## 2. Cash and investments

It is the policy of the City to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital), liquidity, and yield.

The City utilizes a pooled cash and investment concept for all its funds, to maximize its investment program. Investment income from internal pooling is allocated to the respective funds based upon the sources of funds invested. At June 30, 2024, cash and investments consisted of the following:

| Fair Value Measurement            |      |          |        |           |         |         |       |         | Weighted<br>Average |  |
|-----------------------------------|------|----------|--------|-----------|---------|---------|-------|---------|---------------------|--|
|                                   | N/A  |          | N/A Le |           | Level 2 |         | Total |         | Maturity            |  |
| Cash on hand                      | \$   | 2,450    | \$     | -         | \$      | -       | \$    | 2,450   | -                   |  |
| Demand deposits                   | 1    | ,004,386 |        | -         |         | -       | 1,    | 004,386 | -                   |  |

| Oregon State Treasurer's Local    |      |          |        |           |         |         |       |         |                     |  |
| Government Investment Pool        | 21   | 684,483  |        | -         |         | -       | 21,   | 684,483 | -                   |  |
| Money market securities           |      | 43,018   |        | -         |         | -       |       | 43,018  | -                   |  |
| U.S. and U.S. Agency obligations  |      | -        |        | 3,220,801 |         | 742,353 | 3,    | 963,154 | 0.88                |  |
| Municipal bonds                   |      | -        |        | -         |         | 172,752 |       | 172,752 | 0.93                |  |
| Total pooled cash and investments | \$22 | 734,337  | \$     | 3,220,801 | \$      | 915,105 | \$26, | 870,243 | 0.14                |  |

The Oregon State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations, but is not regulated by other laws, organizations, or regulations. The reported value of the Pool is the same as the fair value of Pool shares. Investments are regulated by the Oregon Short-Term Fund Board and approved by the Oregon Investment Council (ORS 294.805 to 294.895). The Pool is not registered with the SEC as an investment company and is unrated.

Cash and investments are reflected on the basic financial statements as follows:

|                                   | Governmental<br>Activities | Business-Type<br>Activities | Fiduciary<br>Activities | Total         |
|-----------------------------------|----------------------------|-----------------------------|-------------------------|---------------|
| Cash and cash equivalents         |                            |                             |                         |               |
| Unrestricted                      | \$ 17,497,041              | \$ 4,343,136                | \$ 121,895              | \$ 21,962,072 |
| Restricted                        | -                          | 772,265                     | -                       | 772,265       |

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

## A. Cash deposits with financial institutions

*Custodial Credit Risk – Deposits.* In case of deposits, this is the risk that, in the event of a bank's failure, the City's deposits may not be returned. The City does not have a deposit policy for custodial credit risk. The Federal Depository Insurance Corporation (FDIC) and National Credit Union Administration (NCUA) provide insurance for the City's deposits up to \$250,000 for the combined total of all deposit accounts at each financial institution. The remaining deposits are covered by the Public Funds Collateralization program (PFCP) of the State of Oregon in accordance with ORS 295. Depositories qualified under this program are required to pledge collateral against any public funds deposits in excess of deposit insurance amounts. This provides additional protection for public funds in the event of a bank failure or loss. ORS 295 sets the specific value of the collateral, as well as the types of collateral that are acceptable. ORS 295 creates a shared liability structure for participating depositories, better protecting public funds though still not guaranteeing that all funds are 100% protected. As of June 30, 2024, the City's bank balance was \$1,173,619 and the carrying amount of the deposits was \$1,004,386.

#### B. Investments

*Interest Rate Risk.* Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the City manages its exposure to declines in fair values by limiting the weighted average maturity of its investments portfolio to 36 months.

*Credit Risk.* State statutes authorize the City to invest in general obligations of the U.S. Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, and the State Treasurer's Oregon Local Government Investment Pool, among others. The City's investment policy does not further limit its investment choices.

The City's investment in the Local Government Investment Pool is considered unclassified as to credit risk because it is not evidenced by securities that exist in physical or book entry form.

*Custodial Credit Risk – Investments.* The custodial risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy allows for use of a third party for safekeeping and custody, as appropriate, to limit its exposure.

*Concentration of Credit Risk.* The City's investment policy allows the City to have a maximum of up to 35% of total portfolio in either Commercial paper or Corporate Indebtedness to limit concentration of credit risk. The City's investments were rated AA+ or AA- by Moody's Investors Service.

*Fair Value Measurements.* Fair value is defined as the price that would be received to sell an asset or price paid to transfer a liability in an orderly transaction between market participants at the measurement date. Observable inputs are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are developed based on the best information available about the assumptions market participants would use in pricing the asset. The classification of securities within the fair value hierarchy is based upon the activity level in the market for the security type and the inputs used to determine their fair value, as follows:

Level 1: Unadjusted quoted prices for identical instruments in active markets.

*Level 2*: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active.

Level 3: Valuations derived from valuation techniques in which significant inputs are unobservable.

## 3. <u>Receivables</u>

Uncollected taxes and assessments are deemed to be substantially collectible or recoverable through liens. Therefore, no allowance for uncollectible accounts has been established for governmental activities. The allowance for uncollectible accounts for business-type activities was \$116,185 at June 30, 2024.

## 4. Capital Assets

Capital asset activity for the year ended June 30, 2024 was as follows:

|  | Beginning<br>Balance | Additions    | Transfers   | Deletions  | Ending<br>Balance |
|--|----------------------|--------------|-------------|------------|-------------------|
| Governmental Activities                                    |                      |              |             |            |                   |
| Capital assets, not being depreciated                      |                      |              |             |            |                   |
| Land   | \$ 5,439,164         | \$ 529,164   | \$ -        | \$ -       | \$ 5,968,328      |
| Land improvements  | -                    | 1,033,966    | -           | -          | 1,033,966         |
| Construction-in-progress                                   | 10,057,369           | 3,078,534    | (9,770,672) |            | 3,365,231         |
| Total capital assets, not being depreciated                | 15,496,533           | 4,641,664    | (9,770,672) |            | 10,367,525        |
| Capital assets, being depreciated                          |                      |              |             |            |                   |
| Improvements   | 13,590,075           | 1,882,748    | 9,770,672   | -          | 25,243,495        |
| Buildings  | 19,672,231           | 131,773      | -           | -          | 19,804,004        |
| Furniture and equipment                                    | 2,011,323            | 763,749      | -           | -          | 2,775,072         |
| Vehicles   | 5,737,553            | 599,223      | -           | (47,486)   | 6,289,290         |
| Intangible assets  | 359,680              | -            | -           | -          | 359,680           |
| Subscription asset   | 115,176              |              |             |            | 115,176           |
| Total capital assets, being depreciated and amortized      | 41,486,038           | 3,377,493    | 9,770,672   | (47,486)   | 54,586,717        |
| Less accumulated depreciation and amortization             |                      |              |             |            |                   |
| Improvements   | (6,042,558)          | (472,561)    | -           | -          | (6,515,119)       |
| Buildings  | (7,208,880)          | (771,740)    | -           | -          | (7,980,620)       |
| Furniture and equipment                                    | (1,710,044)          | (133,943)    | -           | -          | (1,843,987)       |
| Vehicles   | (4,024,295)          | (338,399)    | -           | 46,355     | (4,316,339)       |

## 5. Pension Plan

## A. PERS Defined Benefit Pension Plan

#### Plan Description

The City is a participating employer in the State of Oregon Public Employees Retirement System (PERS), a cost-sharing multiple employer defined benefit plan. All City employees are eligible to participate in the system after completing six months of service. All the benefits of PERS are established by the Oregon legislature pursuant to ORS Chapters 238 and 238A. Plans pursuant to ORS Chapter 238 are closed to new members hired on or after August 29, 2003. PERS issues a publicly available financial report that can be obtained at: http://www.oregon.gov/pers/Pages/Financials/Actuarial-Financial-Information.aspx.

#### <u>Plan Benefits</u>

#### Benefits provided under Chapter 238 - Tier One/Tier Two

Pension Benefits. The PERS retirement allowance is payable monthly for life. Members may select from 13 retirement benefit options that are actuarially equivalent to the base benefit. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (2.00% for Police and Fire employees, 1.67% for General Service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results. Monthly payments must be a minimum of \$200 per month or the member will receive a lump-sum payment of the actuarial equivalent of benefits to which he or she is entitled.

Under Senate Bill 1049, passed during the 2019 legislative session, the salary included in the determination of Final Average Salary will be limited for all members beginning in 2020. The limit will be equal to \$195,000 in 2020, and will be indexed with inflation in later years.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer. General Service employees may retire after reaching age 55. Tier One General Service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Tier Two members are eligible for full benefits at age 60. The plans are closed to new members hired on or after August 29, 2003.

*Death Benefits.* Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:

- the member was employed by a PERS employer at the time of death,
- the member died within 120 days after termination of PERS-covered employment,
- the member died as a result of injury sustained while employed in a PERS-covered job, or
- the member was on an official leave of absence from a PERS-covered job at the time of death.

Disability Benefits. A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 when determining the monthly benefit.

Benefit Changes After Retirement. Members may choose to continue participation in their Variable Account after retiring and may experience annual benefit fluctuations due to changes in the fair value of the underlying global equity investments of that account. Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes (COLA). For benefits earned before October 2013, the COLA varies based on the Consumer Price Index but is capped at 2.0 percent. For benefits earned after October 2013, the COLA will vary based on 1.25 percent of the first \$60,000 of earned benefit and 0.15 percent of earn benefit greater than \$60,000.

#### Benefits provided under Chapter 238A - OPSRP Pension Program

*Pension Benefits.* This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members that obtain normal retirement age:

Police and Fire: 1.8% for Police and Fire is multiplied by the number of years of service and the final average salary. Normal retirement age for Police and Fire is age 60 or age 53 with 25 years of retirement credit. To be classified as a Police and Fire, an individual must have been employed continuously as a Police and Fire member for at least five years immediately preceding retirement.

General Service: 1.5% for General Service is multiplied by the number of years of service and the final average salary for members who attain normal retirement age. Normal retirement age for General Service members is age 65, or age 58 with 30 years of retirement credit.

Under Senate Bill 1049, passed during the 2019 legislative session, the salary included in the determination of Final Average Salary will be limited for all members beginning in 2020. The limit will be equal to \$195,000 in 2020, and will be indexed with inflation in later years.

A member of the pension program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

*Death Benefits.* Upon the death of a nonretired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse receives for life 50% of the pension that would otherwise have been paid to the deceased member. The surviving spouse or other person may elect to delay payment of the death benefit, but payment must commence no later than December 31 of the calendar year in which the member would have reached 70½ years.

*Disability Benefits.* A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

## **Contributions**

PERS' funding policy provides for periodic member and employer contributions at rates established by the Public Employees Retirement Board, subject to limits set in statute. The rates established for member and employer contributions were approved based on the recommendations of the System's third-party actuary. Employers make monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. This funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans.

The City's employer contribution rates effective July 1, 2023 through June 30, 2025, based on the December 31, 2021 valuation, are 27.70% of covered payroll for Tier 1/Tier 2 members and 21.58% of covered payroll for OPSRP members. For the year ended June 30, 2024, employer contributions were \$1,533.057.

## <u>Net Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources</u> <u>Related to Pensions</u>

At June 30, 2024, the City reported a liability of \$10,457,764 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021 and rolled forward to June 30, 2023. The City's proportion of the net pension liability was based on the City's projected long-term contribution effort as compared to the total projected long-term contribution effort of all employers. At the June 30, 2023 measurement date, the City's proportion was 0.05583225%, a increase from 0.05185046% at the prior measurement date.

For the year ended June 30, 2024, the City recognized a pension expense of \$1,752,537 for the PERS Defined Benefit Pension Plan. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | C  | Deferred<br>Outflow of<br>Resouces |    | Deferred<br>Inflow of<br>Resouces |
|--|----|------------------------------------|----|-----------------------------------|
| Differences between expected and actual experience                                     | \$ | 511,417                            | \$ | 41,466                            |
| Changes in Assumptions   |    | 929,006                            |    | 6,927                             |
| Net difference between projected and actual earnings on investments                    |    | 187,969                            |    | -                                 |
| Changes in proportionate share   |    | 949,993                            |    | 521,426                           |
| Differences between District contributions and<br>proportionate share of contributions |    | -                                  |    | 728,543                           |
| Total prior to post-measurement date contributions                                     |    | 2,578,385                          |    | 1,298,362                         |
| Contributions subsequent to the measurement date                                       |    | 1,533,057                          |    | -                                 |
| Total deferred outflows / inflows of resources   | \$ | 4,111,442                          | \$ | 1,298,362                         |

The \$1,533,057 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended<br>June 30, | Net Deferred Outflow/<br>(Inflows) of Resources |
|------------------------|---|
| 2025                   | \$<br>149,004                                   |
| 2026                   | (284,290)                                       |
| 2027                   | 995,507   |
| 2028                   | 351,629   |
| 2029                   | 68,173  |
|                        | \$<br>1,280,023                                 |

## Actuarial Methods and Assumptions

#### **Actuarial Valuations**

The employer contribution rates effective July 1, 2023, through June 30, 2025, were set using the entry age normal actuarial cost method. Under this cost method, each active member's entry age present value of projected benefits is allocated over the member's service from their date of entry until their assumed date of exit, taking into consideration expected future compensation increases.

The total pension liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions:

| Valuat           | ion date                          | December 31, 2021   |  |  |  |  |
|------------------|-----------------------------------|---|--|--|--|--|
| Measu            | rement date                       | June 30, 2023   |  |  |  |  |
| Experience study |                                   | 2020, published July 20, 2021   |  |  |  |  |
| Actuar           | ial cost method                   | Entry age normal  |  |  |  |  |
| Actuar           | ial assumptions:                  |   |  |  |  |  |
|                  | Inflation rate                    | 2.40%   |  |  |  |  |
|                  | Investment rate of return         | 6.90%   |  |  |  |  |
|                  | Discount rate                     | 6.90%   |  |  |  |  |
|                  | Projected salary increases        | 3.40%   |  |  |  |  |
|                  | Cost of living adjustments (COLA) | Blend of 2.00% COLA and graded COLA (1.25%/0.15%) in accordance with <i>Moro</i> decision; blend based on service.  |  |  |  |  |
|                  | Mortality                         | <i>Healthy retirees and beneficiaries:</i> Pub-2010 Healthy Retiree, sex-distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. |  |  |  |  |
|                  |                                   | Active member: Pub-2010 Employee, sex-distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and setbacks as described in the valuation.                                     |  |  |  |  |
|                  |                                   | <b>Disabled retirees:</b> Pub-2010 Disabled Retiree, sex-distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and setbacks as described in the valuation.                  |  |  |  |  |

The actuarial valuation calculations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probably of events far into the future. Actuarial determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown above are based on the 2020 Experience Study, which reviewed experience for the fouryear period ending on December 31, 2020.

## **Discount Rate**

The discount rate used to measure the total pension liability was 6.90% for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members, and those of the contributing employers, are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the longterm expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

#### Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.90%) or 1-percentage-point higher (7.90%) than the current rate:

| Discount Rate:        | 1% Decrease |            | Curre | ent Discount Rate | 1% Increase |           |  |
|-----------------------|-------------|------------|-------|-------------------|-------------|-----------|--|
| Net Pension Liability | \$          | 17,274,256 | \$    | 10,457,764        | \$          | 4,753,081 |  |

#### Long-Term Expected Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in January 2023 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council (OIC) investment advisors. Each asset class assumption is based on a consistent set of underlying assumptions and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forwardlooking capital market economic model. For more information on the Plan's portfolio, assumed asset allocation, and the long-term expected rate of return for each major asset class, calculated using both arithmetic and geometric means, see PERS' audited financial statements at:

https://www.oregon.gov/pers/Pages/Financials/ACFR-Previous-Years.aspx

## **Depletion Date Projection**

GASB Statement No. 68 and Statement No. 75 generally require that a blended discount rate be used to measure total pension liability and total OPEB liability (the actuarial accrued liabilities are calculated using the Individual Entry Age Normal Cost Method). The long-term expected return on plan investments may be used to discount liabilities to the extent that the plan's fiduciary net position (fair market value of investment assets, all others at cost) is projected to cover benefit payments and administrative expenses. A 20-year high quality (AA/Aa or higher) municipal bond rate must be used for periods where the Fiduciary Net Position is not projected to cover benefit payments and administrative expenses. Determining the discount rate under GAAP will often require that the actuary perform complex projections of future benefit payments and pension plan investments. GAAP does allow for alternative evaluations of projected solvency if such evaluations can reliably be made. GASB does not contemplate a specific method for making an alternative evaluation of sufficiency; it is left to professional judgement. The following circumstances justify an alternative evaluation of sufficiency for the plan:

- PERS has a formal written policy to calculate an Actuarially Determined Contribution (ADC), which is articulated in the actuarial valuation report.
- The ADC is based on a closed layered amortization period, which means that payment of the full ADC each year will bring the plan to a 100% funded position by the end of the amortization period if future experience follows assumptions.
- GASB specifies that the projections regarding future solvency assume that plan assets earn the assumed rate of return and there are no future changes in the plan provisions or actuarial methods and assumptions, which means that the projections would not reflect any adverse future experience which might impact the plan's funded position.

Based on these circumstances, it is PERS' independent actuary's opinion that the detailed depletion date projections outlined by GASB would clearly indicate that the fiduciary net position is always projected to be sufficient to cover benefit payments and administrative expenses.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in PERS' audited financial statements.

## B. PERS Defined Contribution Pension Plan

## Pension Benefits

Participants in PERS defined benefit pension plans also participate in their defined contribution plan, the Individual Account Program (IAP). The IAP is an individual account-based program under the PERS taxqualified governmental plan as defined under ORS 238A.400. An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies. The accounts fall under Internal Revenue Code Section 401(a).

Upon retirement, a member of OPSRP IAP may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Installment amounts vary with market returns as the account remains invested while in distribution. When chosen, the distribution options must result in a \$200 distribution amount, or frequency of the installments will be adjusted to reach that minimum.

## **Death Benefits**

Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

#### **Recordkeeping**

PERS contracts with VOYA Financial to maintain IAP participant records.

#### **Contributions**

Employees that are PERS members are required to make contributions of 6% of covered payroll. The City has opted to pay the employees' contributions to the plan. When the PERS system is less than 90% funded, 2.5% for Tier 1/Tier 2 and 0.75% for OPSRP is redirected into an Employee Pension Stability Account (EPSA) for employees with salaries over the statutory salary threshold (\$3,688 as of January 1, 2024). Employees may elect to contribute the redirected amount on an after-tax basis to the IAP. For the year ended June 30, 2024, the City paid \$330,283 to the plan, with \$57,177 redirected to the EPSA.

#### 6. Other Post-Employment Benefit (OPEB) Plans

The other postemployment benefits (OPEB) for the City includes two separate plans. The City provides an implicit rate subsidy for retiree health insurance premiums, and a contribution to the State of Oregon's PERS cost-sharing multiple-employer defined health insurance benefit plan.

The City's two OPEB plans are presented in the aggregate on the Statement of Net Position. The amounts on the financial statements relate to the plans as follows:

|                               | Implict Rate |      | PERS RHIA    |         |              |      |            |
|-------------------------------|--------------|------|--------------|---------|--------------|------|------------|
|                               | Subsidy Plan |      | Subsidy Plan |         |              | Plan | <br>Totals |
| Net OPEB Asset                | \$           | -    | \$           | 80,997  | \$<br>80,997 |      |            |
| Deferred Outflow of Resources | 44           | ,750 |              | 472     | 45,222       |      |            |
| Total OPEB Liability          | 280          | ,262 |              | -       | 280,262      |      |            |
| Deferred Inflow of Resources  | 163          | ,057 |              | 5,116   | 168,173      |      |            |
| OPEB Expense (Benefit)        | 16           | ,473 |              | (3,436) | 13,037       |      |            |

#### A. Implicit Rate Subsidy Plan

#### **Plan Description and Benefits**

Per ORS 243.303, the City provides health insurance coverage on a self-pay basis for retirees and eligible dependents until they are Medicare eligible. Healthcare premiums rates must be based on all plan members, both active employees and retirees. The medical premium rates charged for coverage are typically less than actual expected retiree claim costs due to medical premium rates being determined by blending both active employee and retiree. This difference constitutes an implicit subsidy for OPEB. The Implicit Rate Subsidy Plan is single-employer defined benefit plan with no assets accumulated in a trust to pay related benefits and does not issue its own financial statements.

As of the valuation date of July 1, 2022, the following employees were covered by the benefit terms:

| Active employees             | 73 |
|------------------------------|----|
| Eligible retirees            | 2  |
| Spouses of eligible retirees | 2  |
| Total participants           | 77 |

## <u>Total OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources</u> <u>Related to OPEB</u>

At June 30, 2024, the City reported total OPEB liability of \$280,262. The total OPEB liability was measured as of June 30, 2023 and determined by an actuarial valuation as of July 1, 2022. For the year ended June 30, 2024, the City recognized an OPEB expense of \$16,473. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Deferred<br>Outflow of<br>Resouces |        | I  | Deferred<br>nflow of<br>Resouces |
|--|------------------------------------|--------|----|----------------------------------|
| Differences between expected and actual experience | \$                                 | 23,440 | \$ | 84,918                           |
| Changes in Assumptions                             |                                    | 5,775  |    | 78,139                           |
| Total prior to post-measurement date contributions |                                    | 29,215 |    | 163,057                          |
| Contributions subsequent to the measurement date   |                                    | 15,535 |    | -                                |
| Total deferred outflows / inflows of resources     | \$                                 | 44,750 | \$ | 163,057                          |

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

The \$15,535 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2025. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense (benefit) as follows:

| Year Ended<br>June 30,                             | <br>Net Deferred Outflow/<br>(Inflows) of Resources                        |  |  |  |  |
|--|--|--|--|--|--|
| 2025<br>2026<br>2027<br>2028<br>2029<br>Thereafter | \$<br>(19,992)<br>(19,736)<br>(14,816)<br>(11,413)<br>(13,395)<br>(54,490) |  |  |  |  |
|  | \$<br>(133,842)  |  |  |  |  |

#### **Actuarial Methods and Assumptions**

The total OPEB liability in the July 1, 2022 actuarial valuation was determined using the following actuarial assumptions:

| Actuarial cost method                          | Entry age normal  |
|--|---|
| Actuarial assumptions:                         |   |
| Discount rate                                  | 3.65%, based on the 20-year general obligation bond yield index published by the Bond Buyer (3.54% in prior year) |
| General inflation rate                         | 2.40%   |
| Projected salary increases                     | 3.40%   |
| Healthcare cost trend rate                     | <i>Medical and Vision:</i> Starts at 4.25% in 2022, increases to 6.75% in 2023 before decreasing to 3.75% in 2072 |
|  | <i>Dental:</i> 1.75% for 2022, 4.00% per year until 7072, then 3.75% thereafter                                   |
| Election and Lapse Rates                       | 35% of eligible employees, 60% of male members, and 35% of female members will elect spouse coverage              |
| Withdrawal, Retirement, and<br>Mortality Rates | Based on December 31, 2021 Oregon PERS valuation (see Note 5)   |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

#### **Changes in Total OPEB Liability**

| Balance, beginning of year             | \$<br>259,741 |
|--|---------------|
| Changes for the year                   |               |
| Service cost                           | 26,552        |
| Interest                               | 9,913         |
| Changes of assumptions or other inputs | (3,296)       |
| Benefit payments                       | <br>(12,648)  |
| Balance, end of year                   | \$<br>280,262 |

## Sensitivity of the Total OPEB Liability

The following presents the City's total OPEB liability, as well as what the liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate. A similar sensitivity analysis is then presented for changes in the healthcare trend assumption.

| Discount Rate         | 19 | 6 Decrease | Di | Current<br>scount Rate | 19 | % Increase |
|-----------------------|----|------------|----|------------------------|----|------------|
| Total OPEB Liability  | \$ | 311,152    | \$ | 280,262                | \$ | 252,130    |
| Healthcare Cost Trend | 19 | 6 Decrease | (  | Current<br>Cost Trend  | 19 | % Increase |
| Total OPEB Liability  | \$ | 238,333    | \$ | 280,262                | \$ | 331,436    |

## B. PERS Retirement Health Insurance Account (RHIA)

As a participating employer in PERS, certain employees are eligible to participate in the PERS Retirement Health Insurance Account (RHIA), which is established by ORS 238.420. RHIA is a cost-sharing multipleemployer defined benefit other postemployment benefit plan administered by PERS. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants hired on or after August 29, 2003. PERS issues a publicly available financial report that can be obtained at: http://www.oregon.gov/pers/Pages/Financials/Actuarial-Financial-Information.aspx.

## <u>Plan Benefits</u>

RHIA provides up to \$60 toward the monthly cost of health insurance for eligible PERS members. To be eligible to receive this monthly payment toward the premium costs the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan.

A surviving spouse or dependent of a deceased PERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from PERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

## **Contributions**

The City's employer contribution rates effective July 1, 2023 through June 30, 2025 are 0.00% of covered payroll for Tier 1/Tier 2 members and 0.00% of covered payroll for OPSRP members. For the year ended June 30, 2024, employer contributions were \$106.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

## <u>Net OPEB Asset, OPEB Benefit, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to</u> <u>OPEB</u>

At June 30, 2023, the City reported an asset of \$80,997 for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation as of December 31, 2021 and rolled forward to June 30, 2023. The City's proportion of the net OPEB asset was determined by comparing the City's actual, legally required contributions made during the measurement year with the total contributions made by all employers during the measurement year. At the June 30, 2023 measurement date, the City's proportion was 0.02211992%, a increase from 0.02085681% at the prior measurement date.

For the year ended June 30, 2024, the City recognized an OPEB benefit of \$3,436 for the PERS RHIA. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred<br>Outflow of<br>Resouces |     | Inf | ferred<br>low of<br>souces |
|---|------------------------------------|-----|-----|----------------------------|
| Differences between expected and actual experience                  | \$                                 | -   | \$  | 2,034                      |
| Changes in Assumptions  |                                    | -   |     | 873                        |
| Net difference between projected and actual earnings on investments |                                    | 230 |     | -                          |
| Changes in proportionate share                                      |                                    | 136 |     | 2,209                      |
| Total prior to post-measurement date contributions                  |                                    | 366 |     | 5,116                      |
| Contributions subsequent to the measurement date                    |                                    | 106 |     | -                          |
| Total deferred outflows / inflows of resources                      | \$                                 | 472 | \$  | 5,116                      |

The \$106 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as an increase of the net OPEB asset in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense (benefit) as follows:

| Year Ended<br>June 30,       | Net Deferred Outflow/<br>(Inflows) of Resources |                                      |  |  |  |
|------------------------------|---|--------------------------------------|--|--|--|
| 2025<br>2026<br>2027<br>2028 | \$  | (5,262)<br>(3,555)<br>2,993<br>1,074 |  |  |  |
|                              | \$  | (4,750)                              |  |  |  |

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

#### Actuarial Methods and Assumptions

Other than the methods and assumption discussed below, the actuarial methods and assumptions are consistent with those disclosed for the PERS Defined Benefit Pension Plan. See Note 5 for additional information on Actuarial Assumptions and Methods, including the Discount Rate, Assumed Asset Allocation, Long-Term Expected Rate of Return, and Depletion Date Projection.

#### Actuarial Valuations

The total OPEB liability in the December 31, 2020 actuarial valuation was determined using an assumed retiree participation rate of 27.5% for healthy retirees and 15.0% of disabled retires. Healthcare cost trend rates are not applicable as ORS stipulates \$60 monthly payment for healthcare insurance.

#### Sensitivity of the City's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate

The following presents the City's proportionate share of the net OPEB asset calculated using the discount rate of 6.90%, as well as what the City's proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is 1-percentage point lower (5.90%) or 1-percentage-point higher (7.90%) than the current rate:

|                | 19 | 1% Decrease |    | ent Discount Rate | 1% Increase |        |
|----------------|----|-------------|----|-------------------|-------------|--------|
| Net OPEB Asset | \$ | 73,625      | \$ | 80,997            | \$          | 87,319 |

#### **OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available in PERS' audited financial statements.

#### 7. Long-Term Liabilities

#### **Bonds Payable**

The City issues full faith and credit bonds to provide funds for the acquisition and construction of major capital facilities. Full faith and credit bonds have been issued for both governmental and business-type activities. These bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued as serial bonds with equal amounts of principal maturing each year.

On August 9, 2024, the City entered into a loan agreement with United Statements Environmental Protection Agency to issue a bond up to \$24,738,640, excluding capitalized interest, through the Water Finance and Innovation Act (WIFIA) Program. The bond proceeds are for the improvements to the City's wastewater system. The bond is secured by a pledge of net revenues of the system. The bond will accrue interest at 4.22% per annum and mature June 1, 2063, subject to adjustments set forth in the loan agreement. Interest payments begin five years after the project's substantial completion, expected to be June 30, 2028. Semiannual principal payments begin December 1, 2032. Additionally, the loan agreement contained certain financial covenants.

#### Notes Payable

The City issues notes payable, and other similar agreements, to provide funds for the acquisition and construction of major capital facilities and equipment. Notes payable have been issued for both governmental and business-type activities. These notes payable are direct obligations and pledge the full faith and credit of the City.

## NOTES TO THE BASIC FINANCIAL STATEMENTS Fiscal Year Ended June 30, 2024

In April 2021, the City entered into a loan agreement with the Oregon Department of Environmental Quality (ODEQ) to be able to draw down up to \$5,675,000 to improve the City's wastewater treatment plant, secured by a pledge of net revenues for the facility. In August 2021, the agreement was amended for up to \$16,000,000. In November 2022, the agreement was amended for up to \$20,700,000. At the completion of the project, the City may be eligible to have up to \$500,000 of the loan amount forgiven. As June 30, 2024, the City had received \$19,734,360 in loan distributions. Additionally, the loan agreement contained certain financial covenants. In October 2024, the City had \$48,681 of additional loan distributions.

In April 2023, the City entered into a loan agreement with the Oregon Business Development Department (OBDD) to be able to draw down up to \$1,008,000 to repair and improve the Sandercock Reservoir, secured by a pledge of net revenues of the drinking water system. It was estimated the loan distributions would be through the fiscal year ending June 30, 2026. As June 30, 2024, the City had received \$741,353 in loan distributions. Additionally, the loan agreement contained certain financial covenants.

In July 2023, the City entered into a loan agreement with the ODEQ to be able to draw down up to \$7,300,000 to improve the City's wastewater treatment plant, secured by a pledge of net revenues for the facility. It was estimated the loan distributions would be through the fiscal year ending June 30, 2025. At the completion of the project, the City may be eligible to have up to \$1,000,000 of the loan amount forgiven if certain criteria are met. As June 30, 2024, the City had received \$0 in loan distributions. Additionally, the loan agreement contained certain financial covenants.

In July 2023, the City entered into a loan agreement with OBDD to be able to draw down up to \$7,000,000 to make improvements for the Portland to Sandy Water Filtration Transmission System, secured by a pledge of net revenues of the drinking water system. It was estimated the loan distributions would be through the fiscal year ending June 30, 2026. As June 30, 2024, the City had received \$497,496 in loan distributions. Additionally, the loan agreement contained certain financial covenants. Between July and November 2024, the City had \$1,305,031 of loan distributions.

In December 2023, the City entered into a loan agreement with OBDD to be able to draw down up to \$2,000,000 to make improvements to the Alder Creek Water Treatment Plan, secured by a pledge of net revenues of the drinking water system. It was estimated the loan distributions would be through the fiscal year ending June 30, 2027. As June 30, 2024, the City had received \$0 in loan distributions. Additionally, the loan agreement contained certain financial covenants. In August and September 2024, the City had \$121,832 of loan distributions.

In March 2024, the City entered into a loan agreement with OBDD to be able to draw down up to \$6,029,100 to make certain improvements at the Alder Creek Water Treatment Plan, secured by a pledge of net revenues of the drinking water system. It was estimated the loan distributions would be through the fiscal year ending June 30, 2027. At the completion of the project, the City may be eligible to have up to \$180,000 of the loan amount forgiven if certain criteria are met. As June 30, 2024, the City had received \$0 in loan distributions. Additionally, the loan agreement contained certain financial covenants.

In March 2024, the City entered into a loan agreement with OBDD to be able to draw down up to \$9,500,000 to make improvements to the Alder Creek Water Treatment Plan, secured by a pledge of net revenues of the drinking water system. It was estimated the loan distributions would be through the fiscal year ending June 30, 2027. As June 30, 2024, the City had received \$0 in loan distributions. Additionally, the loan agreement contained certain financial covenants. Between July and September 2024, the City had \$146,157 of loan distributions.

# Subscription Payable

As of July 1, 2022, the City recorded a 4.5-year subscription agreement for the use of Google productivity software. The City is required to make monthly payments of \$2,520.

## Long-Term Debt Payable

|  | Original<br>Borrowing  | Interest Rates   | Final Maturity  | Outstanding at<br>Year-End   |

#### The debt service requirements for City's long-term debt are as follows:

## 8. Interfund Receivables and Payables

The outstanding due to/from other funds balances are working capital loans that the General Fund expects to collect in the subsequent year. At June 30, 2024, the due to/from other funds balances are as follows:

| Receivable Fund | Payable Fund          | A  | Amount |
|-----------------|-----------------------|----|--------|
| General Fund    | SandyNet Fund         |    | 83,841 |
| General Fund    | Other Enterprise Fund | \$ | 6,296  |
|                 | Total                 | \$ | 90,137 |

In November 2018, the Transit Fund loaned \$356,273 and \$500,000 to the General Fund and SandyNet Fund, respectively. The loans are to be repaid within ten years with an annual interest rate of 1.92%.

In May 2023, the Sewer Fund loaned \$400,000 to the Other Enterprise Fund. The loans are to be repaid within ten years with an annual interest rate of 1.72 %.

At June 30, 2024, the interfund loan balances are as follows:

| Receivable Fund | Payable Fund          | <br>Amount    |
|-----------------|-----------------------|---------------|
| Transit Fund    | General Fund          | \$<br>186,600 |
| Transit Fund    | SandyNet Fund         | <br>211,475   |
|                 | Transit Fund Total    | \$<br>398,075 |
| Sewer Fund      | Other Enterprise Fund | \$<br>362,999 |

## 9. Interfund Transfers

The composition of interfund transfers for the year ended June 30, 2024, is as follows:

|                           |    |                      |    |         | Т   | ransfers In |    |         |    |           |  |  |

Interfund transfers are used to pay for administrative services provided by the General Fund and Internal Service Funds, provide funds for debt service, and contribute to the cost of capital projects. In addition to the transfers above, the Internal Services Fund transferred \$111,048 of capital assets to the General Fund during the year ended June 30, 2024.

## 10. Commitments

The City had active construction projects as of June 30, 2024, including street construction and sewer facility improvements. At year end, the City's commitments with contractors are as follows:

| Project                                    | Aw | ard Amounts | Remaining<br>Commitment |                 |  |  |
|--|----|-------------|-------------------------|-----------------|--|--|
| Cedar Park Construction                    | \$ | 3,494,585   | \$<br>1,609,890         | \$<br>1,884,695 |  |  |
| Wastewater Treatment Plant<br>Improvements |    | 1,230,046   | 478,831                 | 751,215         |  |  |

#### 11. Risk Management

The City is exposed to various risks of loss related to errors and omissions; automobile; damage to or destruction of assets; bodily injury; and worker's compensation for which the City carries commercial insurance. There has been no significant reduction in insurance coverage from the prior year and settled claims have not reached the level of commercial coverage in any of the past three fiscal years.

## 12. Contingencies

The City participates in various federal and state grant programs, which are subject to review and/or audit by the granting agencies. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although, the City anticipates such amounts, if any, will be immaterial.

#### NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION Fiscal Year Ended June 30, 2024

#### 1. <u>Stewardship, Compliance, and Accountability</u>

#### A. Budgetary Information

On a biennial basis, the City enacts a resolution approving the budget, appropriating the expenditures, and levying the property taxes. Prior to enacting this resolution, the proposed budget is presented to a budget committee consisting of members of the City Council and a like number of interested citizens. The budget committee presents the budget to the City Council for budget hearings prior to enactment of the resolution. The City budgets all funds, except the Fiduciary Funds, as required by Oregon Local Budget Law. The basis of budgeting for all major funds is the modified accrual basis of accounting.

The resolution authorizing appropriations for each fund sets the legal level of control by which expenditures cannot legally exceed appropriations. Total expenditures by department as established by the resolution are the legal level of control for the General Fund. Total expenditures by program level for operations and capital outlay are the legal level of control for all other funds except for the Full Faith and Credit Fund, the Urban Renewal Agency Fund, and the Internal Service Funds. Expenditure categories of personnel services, materials and services, capital outlay, debt service, transfers, and contingency are the legal level of control for the service. The service to contain more specific information for the above-mentioned expenditure categories. Unexpected additional resources may be added to the budget through the use of a supplemental budget. A supplemental budget requires hearings before the public, publications in newspapers, and adoption by the City Council. Management may modify original and supplemental budgets by the use of appropriation transfers between the legal levels of control within a fund. Such transfers require approval by the City Council.

## STATISTICAL SECTION

This part of the City's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

| Contents   | Pages |
|--|-------|
| Financial Trends   | 81-84 |
| These schedules contain trend information to help the reader understand how the City's financial performance and wellbeing have changed over time.   |       |
| Revenue Capacity   | 85-88 |
| These schedules contain information to help the reader assess the City's most significant local revenue source, property taxes.  |       |
| Debt Capacity  | 89-92 |
| These schedules present information to help the reader assess the affordability of the City's current<br>level of outstanding debt and the City's ability to issue additional debt in the future.                        |       |
| Demographic and Economic Information   | 93-94 |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.   |       |
| Operating Information  | 95-99 |
| These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the government provides and the activities it performs. |       |

# **COMPLIANCE SECTION**

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH OREGON STATE REGULATIONS

Honorable Mayor and City Council City of Sandy, Oregon

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Sandy, Oregon (the City), as of and for the year ended June 30, 2024, and the related notes to the financial statements which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 13, 2024. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### **Compliance**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-330 of the *Minimum Standards for Audits of Oregon Municipal Corporations*, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Highway revenues used for public highways, roads, and streets.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).

In connection with our testing, nothing came to our attention that caused us to believe the City was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-330 of the Minimum Standards for Audits of Oregon Municipal Corporations.

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS <u>PERFORMED IN ACCORDANCE WITH OREGON STATE REGULATIONS (Continued)</u>

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as communicated in the Schedule of Findings and Questioned Costs, we identified certain deficiencies that we consider to be material weaknesses and a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider certain deficiencies as communicated in the Schedule of Findings and Questioned Costs as items 2024-001 and 2024-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider a certain deficiency as communicated in the Schedule of Findings and Questioned Costs as item 2024-003 to be a significant deficiency.

#### Purpose of This Report

This report is intended solely for the information and use of the City Council, Oregon Secretary of State Audits Division, and management and is not intended to be and should not be used by anyone other than these specified parties.
